## WORK EXPERIENCE

**SARITASA** | New York, United States

**Mid-level UX/UI Designer** | Aug 2023 - Present

- Built holistic products (SaaS, B2B, Enterprise) and tools for 10+ clients across multiple platforms & devices (CRM, Web, Mobile)
- Contributed and maintained to a growing design system that works across different platforms & products.
- Led client projects and meetings to determine functionality from inception to completion even during undefined, complex product requirements.
- Conducted customer research, UX audits to assist in developing scenarios, use cases and propose creative solutions to fulfil business objectives.
- Ensured efficient delivery of products following the design & delivery processes even within strict deadlines.

**UX/UI Designer** | Jul 2022 - Jul 2023

- Designed functional products using design methods to accomplish the goals for multi-industry audiences.
- Collaborated with cross functional teams including project & product management, development, engineering teams to deliver product from concept to launch.
- Participated and aided in product development critiques with teammates to deliver quality experience.
- Represented work to external client teams, technologists and other leaders.
- Trained & supported in practical application of responsive, accessible and inclusive design.

**ONE PLUS TECHNOLOGY** | New York, United States

**UX/UI Designer** | Jan 2021 - May 2021

- Participated and awarded to build an interactive theme design for One Plus mobile device - AOD mode, lock-screen and charging screen for the design launch at OnePlus collab with Parsons.
- Conducted user research to explore the nuances of internet of things and human interactions with technology.
- Navigated the esoteric design challenges in manoeuvring the user testing, curating pitch to the audience.
- Developed human centric design to ease the user experience of handling the mobile technology.
